"New Ideas in Natural Science" Conference
P.O. Box 37

Dear Alex,

I am enclosing a copy of my report on the "New Ideas in Natural Science" Conference which appeared on page 54 of Vol. 6 #1 of **Frontier Perspectives**, a journal published by the Center for Frontier Sciences at Temple University.

I must express here a word of thanks for your help in sending me copies of Conference Abstracts, on which my report was based.

The Center for Frontier Sciences aims to encourage worldwide communication among scientists whose work does not necessarily agree with mainstream ideas. The editors of **Frontier Perspectives** would be interested in receiving, from you and/or your colleagues, notices of future conferences and major publications along these lines.

Good wishes for a peaceful and prosperous New Year.

Best regards,

Robert G. Flower
